*"The notion that travel to a major city for classroom training is too expensive for my properties is no longer a valid reason to not send all property staff to training. Send them to class in cyberspace! I went, and it didn't cost anything for travel. I could see and hear my instructor clearly, I could repeat any topic with a point and click of my mouse, I could take a break on "my" schedule, and I was able to learn what I needed to learn."

Finally, the ability to get Housing Credit Compliance training immediately... not just when training comes to town... but exactly when you need it!

Perfect for new hires, great when taking on new Housing Credit challenges and most importantly... accessible to YOU and YOUR STAFF any time any place!!

The *Housing Credit Online Training Center* is the ONLY training center available to you 24 hours a day/7 days a week that contains courses teaching the complex rules of Housing Credit compliance and property management! Finally, compliance training that is accessible when YOU WANT IT and NEED IT that can be accessed anytime of the day or night from any computer with Internet access!

The *Online Training Center* currently contains an array of fantastic courses that focus on the site compliance requirements of the Housing Credit Program – from an introductory lesson to a comprehensive course that fully prepares an individual for the *Site Compliance Exam* – with additional courses being added regularly! Besides the fantastic courses teaching the fundamentals of compliance you will also find a Fair Housing course... as everyone needs regular fair housing training... and 2 advanced issues course covering important industry changes that came about with the publication of the Final 8823 Guide, Change 2 of the HUD Handbook, REV 1 and H.R. 3648. (See a full course listing & explanation on page 4.)

Each course at the *Housing Credit Online Training Center* was designed by Elizabeth Moreland personally. Elizabeth is the highly-respected and most sought after compliance and property management industry trainer who has trained thousands and thousands of Housing Credit professionals across the country since 1995. She is renowned for her ability to break down even the toughest Program rules and explains them in a way that anyone can understand! And because this is all Elizabeth does, you can rely on the fact that the information given is always current and thoroughly researched!

Plus... it is really her teaching these courses... no radio voice over announcers or actors who dispassionately read the information! This means the courses are easy to understand and match the quality of Elizabeth's public workshops as they are taught in the same straightforward, plain-English style; are chock full of her real-life stories and experiences she shares to help drive the point home; and contain multiple teaching techniques so the students are not just relying on hearing the instruction but are also visualizing through the use of animated illustrations just as if they were sitting in one of her public workshops and she was doing examples on the flip chart and obtaining practical experience through hands on case-studies for those who learn best by doing!

Elizabeth is passionate about this stuff! The enthusiasm she

Recent Testimonials from Online Training Center Students...

"This was awesome! I love the speed and the information that it contains and your ability to review notes taken through out the course and going back and reviewing. You have two thumbs up from me. If I had three thumbs you would have it too!"

Jett Woodwick, Standard Enterprises,
Monroe, LA

"This is a great resource that allows you to work at your own pace. Even though I missed your November 2005 Atlanta training seminar, I didn't miss a beat because of the online courses."

Yoshonda Williams, HSI Management,
Atlanta, GA

"You have made my job of maintaining staff training so much easier. This course was as good as attending your courses in person. The convenience of now being able to take these classes when they are most needed instead of when they are most available will be a valuable asset for management."

Anita Hall, Lloyd Management, Inc.
Mankato, MN

"This is just what we need...the ability to allow those new to the industry to learn and those of us who wish to continue our education the ease and convenience of training at our pace and as time allows us. Two thumbs up Elizabeth, this is GREAT!!!"

Tondi Cisneros, Hyder and Company,
Palm Springs, CA

"Being able to take these classes AT MY PACE has been appreciated. It has been much more preferable than leaving the site for days. Elizabeth Moreland is doing a fantastic job of training - she does not rush and the individual slides are short, therefore, she is not throwing out too much information at once."

Marla Daniels, Simpson Property Group,
Las Vegas, NV

displays in her public workshops is equally displayed in the *Center's* courses! And most importantly, because Elizabeth has been training this information for over 11 years, she easily anticipates the questions the student is thinking on each topic and shares the answers as part of the instruction just as if the student asked her the question in a live training! Plus, each student can email her questions directly and she will answer each and every one of them personally!

That's not all. Besides a complete array of courses, you will also find The Compliance Assessment. The Compliance Assessment allows individuals to evaluate their current compliance knowledge. Perfect for when you interview candidates for jobs who state they have experience. A great way to assess where your staff is at and which courses they should take next. Incredibly valuable for determining what type of course is needed each year for continuing education. And a wonderful tool to find out if you are ready to take an industry certification exam!

There's still more. The *Online Training Center* also contains an online version of the Housing Credit College's compliance and property management newsletter – *The Compliance Monitor* – including an archive of recent issues. Each issue is loaded with great tips and techniques on relevant issues we care about as managers... each issue is like a seminar in itself!

And there is more to come. Much more! Elizabeth plans to continue to add courses on a regular basis until there is a full array of courses at the *Online Training Center* that match the Housing Credit College's 2 *Pathways to Success* training tracks Elizabeth conducts as public workshops!

The Compliance Assessment

Finally, the ability to determine what you know when it comes to Housing Credit Compliance as compared to the accepted industry standards! The Compliance Assessment was designed to help you quickly and accurately assess your current Housing Credit Compliance knowledge so you may determine where you need to bolster your education and which, if any, of the Online Training Center courses you should enroll in. The Assessment is made up of a series of questions divided into 5 Sections with each Section assessing your understanding and knowledge in a specific area of compliance. Each of the 5 Sections represents the concepts taught in a specific Online Training Center course so by completing the Section, you will know if you need to take the specific course in which the Section is matched. As you progress through the Sections, they will steadily increase in difficulty, but all reflect important concepts that must be mastered to truly be confident with your Housing Credit responsibilities. There is no instruction with this course as it is an assessment of your current knowledge with the goal of helping you determine if you need further training and if so, in what areas. When you complete all 5 Sections, you will be directed to take your Results and compare them to the Proficiency Chart available at the end of this course. As each Section addresses the core concepts taught in a specific Online Training Center course, you will use your Section Results to determine if you should take the course in which the Section is matched. No skewing of results. Just a pure comparison of the answers you gave to the Proficiency Chart that represents acceptable industry knowledge levels!! **Credits/CEUs: 0; Price: \$49**

Fair Housing 101: A Fair Housing Primer

We all know how important fair housing education is and now you can get it at the Housing Credit Online Training Center! This 4 hour course teaches you the fundamentals of fair housing including what the 7 federally protected classes are and how the people in these groups are protected. This course also discusses the common mistakes made that cause noncompliance with these laws and gives you techniques to avoid these pitfalls including how to set occupancy standards to ensure you are not violating familial status, how to handle accommodation and modification requests, and much, much more! Great for new hires. Perfect as your fair housing refresher course! **Credits/CEUs: 4; Price: \$199**

Housing Credits 101: Compliance Basics

A perfect way to get started learning or to refresh your current knowledge of the complex compliance requirements of the Program! In 3 hours, Elizabeth Moreland will teach even the greenest of green staff the eligibility requirements of the Housing Credit Program. Starting with the first section, you will receive a thorough explanation of what the Housing Credit Program is and how it differs than other affordable housing programs. You will then get a complete review of the eligibility rules of the Program including income eligibility, full-time students, foster children, and how to handle absent household members in Section 2. In Section 3, you will learn the first 3 steps of the 5 step process in determining an applicant's eligibility including how to interview, how to get a completed application and how to verify the information given. And in the remaining 2 Sections you will understand the remaining steps of this process including how to calculate income eligibility and how to complete the move-in paperwork. And last but not least this easy-to-understand course discusses file documentation and the requirements for continuing compliance such as annual recertifications. A must for any new hire or staff supervisor but also invaluable to any veteran in the business to keep them fresh and on top of their game! A must for any new hire or staff supervisor but also invaluable to any veteran in the business to keep them fresh and on top of their game! **Credits/CEUs: 3; Price: \$199**

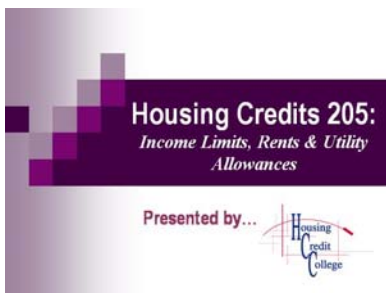

Housing Credits 103: Income & Assets

One of the most frustration and overlooked areas in compliance training is income and assets. For some reason, it is assumed everyone has experience with this as it is very similar to the Section 8 Program. But the reality is, today, most of us have limited or no Section 8 experience and if we do have experience, the differences between Section 8 and Housing Credits are enough to cause even a Section 8 veteran to be in noncompliance. This 4-hour course is dedicated to this very subject detailing what income and asset sources you must include, how to verify these sources and then how to annualize these sources for income eligibility. The most comprehensive course on income & assets offered anywhere in the industry. Chock full of real life examples. No matter how long you have been in the business, if you are responsible for calculating income eligibility, approving the files of new moves or supervising those that do, this course is a must! **Credits/CEUs: 4; Price: \$199**

Housing Credits 204: Unique Program Rules

Oh, the rules of the Housing Credit Program... from students to unit transfers to the Available Unit Rule... this housing program is laden with unique rules! In this 4 hour course, you will be introduced to each of the unique Program rules and given a thorough explanation of each including illustrations of how to apply the rule in the real world. Whether your property is 100% Housing Credit or mixed income, these rules affect your property and must be understood to remain in compliance. The rules examined include full-time students, non-transient occupancy, suitable for occupancy, resident manager's units, annual and interim recertifications, the Available Unit Rule, the Unit Vacancy Rule and unit transfers. This course is a must for any Housing Credit professional working on a property, supervising those that do or is responsible for compliance! **Credits/CEUs: 4; Price: \$199**

Housing Credits 205: Income Limits, Rents & Utility Allowances

We all know that our residents have to be income eligible for a Housing Credit unit and must then pay a rent amount within the Program parameters. But what are these limits and how do we determine what they are for our properties? In this 3 hour course, we will take a detailed look at the income limit, rent and utility allowance rules, how to determine your property's limits and how to calculate these all-important numbers. Also, learn the rules surrounding income limit changes, rent increases and utility allowance changes. These rules are the cornerstone of compliance making this course a must for supervisors, compliance coordinators and asset managers. **Credits/CEUs: 3; Price: \$199**

Housing Credits 245: Site Compliance Specialist

This course is designed to teach you everything you need to know to master the responsibilities of site compliance! The course will teach you all of the requirements that come with these compliance responsibilities and, at the same time, prepare you to earn your Site Compliance Specialist (SCS) designation which is earned by passing the Site Compliance Exam. Comprised of 5 sections, this course walks you through the 5 key areas all site staff must understand about Housing Credit site compliance which are also the 5 Testable Areas of the Site Compliance Exam. These key areas are (1) Eligibility; (2) Verifications & Documentation; (3) Income Eligibility & Calculations; (4) Special Program Rules; and (5) Fair Housing. After each section, you will take a section quiz to ascertain if you have grasped the requirements discussed in this key area. When you complete the course and its section quizzes, you will be ready to tackle even the toughest site compliance scenarios and will be fully prepared to earn your Site Compliance Specialist (SCS) designation!! The SCS designation is the industry's only Housing Credit Program site designation designed for those who work closely with applicants and residents, approve new move-ins and recertifications and makes crucial decisions regarding unit transfers, increases to income, and vacancies. Truly a designation for those on the front-lines! Whether you are focusing on learning the requirements to do your job or concentrating on earning your Site Compliance Specialist (SCS) designation so you may show the industry that you have mastered the site compliance rules... this course is for you! A must for site managers, leasing agents, compliance specialists and their supervisors plus anyone responsible for approving or auditing compliance paperwork. **Credits/CEUs: 9; Price: \$249**

12 Reasons to Take a Course at the Housing Credit Online Training Center

1. **It's Convenient!** 24 hours a day. 7 days a week. Heck, it is even available on the holidays if you so choose!
2. **No Traveling or Traveling Expenses!** Just sit back in the comfort of your own office or home and forget about racking up expensive hotel bills and airfare or driving hours to get to a public workshop.
3. **No Lost Time from Work and Family!** You are busy! Very busy and can't afford to be gone for an entire day or more attending a training. Yes, of course it is important, but the reality is there is no one to cover for you! Now, you can have that proverbial cake and eat it too! Get the training you need to do your job right without the lost time from the job or your family!
4. **Learn At Your Own Pace!** No more learning at the pace of the group or the instructor! If you are new to the material... go slow. Review the information until you have got it. If you have experience... go quicker through the information you already have mastered and move on to the materials you have yet to conquer. Oh and yeah... take a bathroom break at YOUR CONVENIENCE!
5. **No More Annoying Classmates Talking Why You Are Trying To Learn!** Need I say more?
6. **Be In Complete Control!** Now there is a concept, aye?!? Be in control of what you learn, how fast you learn it and when you learn it. All the courses in the On-Line Course Catalog are broken into topics so if you have already mastered a concept or see a subject that doesn't pertain to your specific property... you can skip the course. Take only what you need! You are in control!!!
7. **Raise Your Earning Potential!** Fast-track your learning, your success and your earning potential by taking the courses you need NOW not when the next public workshop comes to your area or when the company can afford to send you!
8. **Receive the Same Great Training the Housing Credit College Has Become Famous For!** All the courses at the On-Line Training Center are similar in content and style as the incredible public Housing Credit College trainings offered across the country with Elizabeth explaining the concepts in her unique style that really drives the point home and allows you to learn with confidence and complete understanding!
9. **Reduce Your Risk of Noncompliance!** Reduce your exposure to noncompliance by getting you and your staff the training they need NOW not when a public seminar is coming to your area or when the budget dollars are available. With this convenient and affordable means of training you don't have to hope and pray you are following the rules, you can learn NOW what you need to know to avoid the risk and the sleepless nights!
10. **Ascertain Quickly if Your New Hires Have What It Takes!** No more waiting to get your new hires trained until you determine if they will work out. Instead, train them immediately starting out with courses that will help you ascertain quickly if they have what it takes to be in this job!
11. **Get Immediate Acknowledgement On Whether You Are Grasping the Material!** With the on-line learning, you can get immediate feedback as to whether you are understanding the rules presented in the course. Each course has quizzes after each section, all with immediate feedback as to how you performed. No more waiting weeks to find out how you did.
12. **Track Your Staff's Progress!** Ever send a staff person to a training and wonder if they really attended or if they paid attention, let alone learned what they needed to know? With the Housing Credit College's On-Line Training Center, you can track the progress of each staff person including what courses they have taken, their test scores, and the length of time it took to complete individual courses. And you can have the confidence in knowing that to complete a course, the person has to complete each section and pass a quiz before moving on. So now you can be sure they learned the material and paid attention or ascertain the problem areas that need to be worked on.

The *Online Training Center* is a supervisor's dream for 6 SIMPLE REASONS...

1. **The courses are immediately available!** 24 hours a day, 7 days a week right from the convenience of your own office computers or at the very least your staff's personal home computer and its Internet access... no more waiting for me or any trainer for that matter to come to the area. And even if you don't have computers or high speed internet access, today there are coffee shops, copy centers like Kinko's, libraries and other convenient places that have these available for a nominal usage fee!
2. **Waiting for training will become a thing of the past!** No more waiting until probationary periods are over or the office and the workload have quieted down enough (yeah right!) to get trained... instead you can get the information you need in 2 to 3 hour chunks... reducing the staff's downtime and the risk of noncompliance.
3. **The course offerings are substantial!!** The *Online Training Center* courses cover both fundamentals and advanced topics with new courses being added regularly. My goal is to give you access to our full array of trainings normally only accessible through our 2 public weeks of trainings know as our *Pathways to Success*.
4. **The design of the courses has built in learning requirements giving confidence the information is actually learned!** Quite simply, your staff has TO PAY ATTENTION to complete the courses contained at the *Online Training Center*. You can't guarantee the same when sending them to a public workshop because for all you know the people you are sending are sleeping in the back of the room, goofing off or skipping out early. But with the *Housing Credit College's Online Training Center*, the person must pass the randomized quizzes contained at the end of each section in order to proceed through the course and receive their *Certification of Completion!*
5. **The built in tracking tools will allow easy monitoring of staff's progress!** With the simple tracking tools, you can check up on your staff anytime... anyplace... to determine if they started and completed the courses, determine their scores and the number of times it took them to complete each course giving you the ability to ensure your staff is doing as directed.
6. **The opportunity for taking the course is not lost due to sick days or emergencies!** There is nothing more frustrating to have an educational opportunity lost due to these unforeseen circumstances; especially if you have waited for such a training to come to town for months and then it is lost due to an illness or emergency. After signing up for a *Housing Credit Online Training Center* course, you have are given ample time to complete it so if emergencies or illnesses occur you don't lose the ability to take the training.
